47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The big telecom companies are scam artists and they charge exorbitant amounts of money for common place services in this day and age. Sonic Internet has been the best internet service I have ever had and its because they are honest and dont mislead you with fees and made up pricing that changes. Do not let the big corporations win. We need competition for a healthy capitalist society. I have fiber and I love it! It is more economical and a better product.
